Spa Couple Killed in Crash Today

A Palm Springs school teacher and her companion were killed at approximately 6:50 a.m. today when they were pinned under their car on East Alejo Road at the North Via Miraleste intersection, Palm Springs police said today.

Dead are Miss Carol Ann Murphy, 27, of 795 E. Racquet Club Road, and Frank Joseph Barker Jr., 28, driver of the car. Barker's address was listed as the Farmhouse, Cathedral City, in the preliminary reports today. Miss Murphy was a sixth grade teacher in the Katherine Finchy school, John Mount, principal, reported. She had come here in 1960 from the Alameda area, and taught last year at Cahulla school.

The couple were thrown from the car apparently driven by Barker when the westbound vehicle skidded and overturned as it approached barriers around damaged areas in the street, investigating officers said. Both victims were pinned under the car, when it turned on its side.

Sharp gusty winds drove dust, rain, spotty sleet and some assorted debris across portions of Palm Springs. Tumbleweed and dust clouds were the only noticeable flying objects before noon, but by mid-afternoon minor breakage was reported.

Damage

A sudden gust lifted two glass-topped umbrella tables — with 100 pound weights — minor breakage was reported. A sudden gust crashed over two-glass-topped umbrella tables at The Tennis Club, Palm Springs, despite 100 pound weights.

At 12:20 p.m., the California Electric Power Co. reported a tamarisk tree was blown through a power line in the Outpost Estates area east of Palm Springs, and later in the day an airborne aluminum shed severed a house service line near the Snyder Date Ranch on Cobb Road.

Slight Rain

A plate glass window was broken in a store building in Cameron Center at approximately 5:40 p.m., Larry Owens, Woolworth store manager, reported to police.

Snow fell in the Pass during the night and traffic was hazardous as result of icy highways with many cars skidding out of control. No serious injuries were reported.

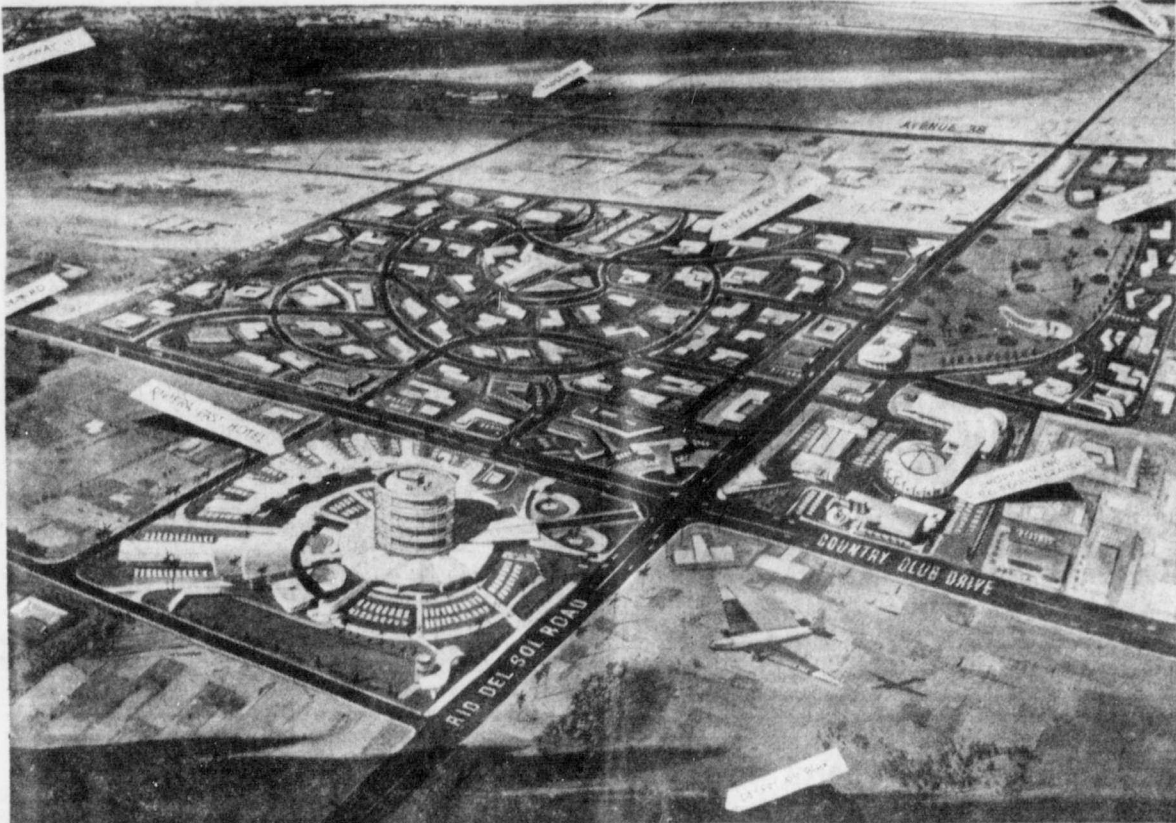

Western Riverside County was hard hit by the storm.

The weatherman stuck to his weekend forecast — no rain but some more of that high wind today and tomorrow.

Elsewhere

United Press International reported that all the harsh weather was not in Riverside County. Winter punched parts of the storm-battered East today and North with wind-driven snow and chilling temperatures.

A storm that hurled the Apalachians dumped more snow on the beleaguered East from the Mid-Atlantic states to high elevations in the Carolinas during the night. The Weather Bureau said the storm would spend itself early today in light snows or rain over the area.

THUNDERBIRD RIVIERA, \$150,000,000 city of tomorrow, is shown in artist's sketch. It is planned for the hub of the entire country club area of the desert between Thunderbird and Tamarisk Country Clubs, the new College of the Desert and Desert Air Park. The Riviera East Hotel containing 500 rooms and a revolving pentaurant on its sky-

Search for Plane Down On Desert

THERMAL — A private plane is believed down north of Palm Springs in desert area, according to a Federal Aviation Association spokesman here.

The plane, with an inexperienced pilot, was on a flight between Corona and Lubbock, Tex., and was carrying four men. It left Corona shortly after 6 a.m. Friday and broadcast a "May Day" distress signal 32 minutes after take-off, according to FAA officials.

Pilot is Wayne Fisher, 27, of Garden Grove, who had less than 100 hours flight experience. One of his passengers is Jack Touchstone of Westminster, but the identity of the other two is not known to the FAA.

The plane's location at the time of the distress signal was plotted about 20 miles west of Thermal, north of Palm Springs. Several planes have searched the area since the report, but no success has been indicated.

SUNDAY DANCING?

Desert Items Face County Supervisors

Several matters affecting the desert area will be considered by Riverside County Board of Supervisors at their meeting Monday at 9 a.m.

A resolution of intention to change the name of Avenue 56 near Indio and an application of the Salton Sea Yacht Club for a zone change in the Salton Sea area are on the agenda for hearings at 10 a.m.

Included in road matters is a recommendation for execution of a special use permit from the Forestry Service for a right-of-way for Pinon Drive.

Judge E.-E. Theriault of the Desert Municipal Court has requested permission to attend a Workshop at Anaheim which will be acted upon. The board will also act on a resolution naming a fire commissioner for the Idyllwild Fire Protection District.

The resolution recently adopted by the City of Palm Springs asking elimination of air pollution through open burning will be presented.

Among county matters, petitions against an ordinance prohibiting dancing on Sundays will be read.

Contract on Airport in FHA Okay

The Federal Aviation Authority Friday advised the Palm Springs Airport that it has no objections to the proposed contract with Butler Aviation Co. for fixed based operations here, Delmar Canady, city airport manager, announced.

The Butler proposal, evolved in joint company-commission sessions here, is expected to be mailed back here for councilmanic approval Monday.

The contract calls for Butler installation of \$100,000 worth of maintenance equipment, plus operation of fueling and maintenance service. The contract has non-exclusive provisions for flight charter and flying training operations by Butler.

Mary Mack, 9, and her sister Connie Jean, 21, were found dead at the Mack home at Hundred Palms last October.

Police said Modesto became drunk and angry after an argument with the girl's father, who was a band member in a cafe. He then ran to the Mack home where he beat the sisters to death, police said.

Jury selection was continued until Monday.

IN TWO DAYS

Plane Crashes Kill 35

By United Press International
At least 35 persons, including 21 Americans, have been killed in the past two days in four plane crashes in Europe, Turkey and Algeria.

In addition, a Dutch Air Force pilot was missing and feared dead after his single-seater jet fighter vanished over the North Sea.

Three of the crashes occurred in remote mountains or forests. The planes ranged from a modern airliner to an ancient B25 Mitchell bomber. There were no survivors in any of the crashes.

Five U.S. Air Force officers, eight airmen and two army enlisted men were killed Friday

when a U.S. military transport plane crashed in a Normandy wood near Evreux, France.

The dead included A-2C Stanley Royster, 24, crew chief, of San Mateo, Calif., who belonged to the 317th Consolidated Aircraft Maintenance Squadron, a spokesman said.

The plane was returning to Evreux from a paratroop-drop exercise. Unconfirmed reports said the transport crashed in a dense fog.

Eleven persons, including two Americans, were killed Thursday when a Turkish airlines Fokker airliner crashed in the Pazarlik mountains near Adana, Turkey.

It was reported that the plane,

Hotel, Homes, Shopping and Play Facilities

Thunderbird Riviera, involving an investment of approximately \$150,000,000 is now in the planning between Thunderbird and Tamarisk Country Clubs, the new College of the Desert and the Desert Air Park.

It will be complete with apartments, residences, shopping center and recreational facilities.

The Riviera East Hotel, desert-side counterpart to its Palm Springs twin, the nationally famous Riviera Hotel in Palm Springs, will be a landmark. This will be the tallest structure in the desert region.

The advanced community will be developed by Mark and Irwin Schuman, owners of the Palm Springs Riviera. This hotel in the short span of two years has broken records with famous and glamorous guest lists and notable convention-draw.

On Rio del Sol

The Schumans have engaged Mike Jekyll and Associates, prominent Palm Springs real estate brokers and developers to carry out the extensive plans.

Location of the new-concept community will be at the intersection of Country Club Drive and Rio del Sol Road. This highly strategic site is the hub of the entire country club area. It adjoins the 270 acres purchased by Bob Hope in recent months, on the opposite corner.

The Riviera East, a large "class A" construction, convention hotel with the most spectacular view of the desert, will contain 500 rooms. It will be capable of handling conventions of any size.

Famous specialty shop operators already have expressed interest in the satellite shops. The shops will be located in the Galleria overlooking the patio and recreation area.

SkyScraper

The Riviera East will have a revolving pentaurant on its skyscraper tower, where guests will be able to look down on a breathtaking panorama of the desert as the tower revolves once an hour. Riviera East hotel, shops and restaurants will cost \$15,000,000.

Surrounding the hotel, apartment sites will be available to individual builders as well as the central developers. An architectural and art committee is being appointed to co-ordinate plans.

Highest standard residences will be built around the perimeter of the property.

In keeping with tomorrow, all utilities will be underground. Every street will be a boulevard type, with full curbs, well paved and landscaped.

Additional homesites and the complete shopping center with all types of unusual shops and services will follow.

Avoid Traffic

Heavy city traffic is avoided in the route from Los Angeles to Thunderbird Riviera East. Highway 99 freeway to the Ramon Road overpass, then via Rio del Sol Road to Thunderbird Riviera, is a smooth, easy route.

Viet Nam Talks On in Philippines

BAGUIO, Philippines (UPI)—Top U.S. diplomatic and military experts on Asia assembled behind guarded gates here today to discuss the explosive situation in South Viet Nam and other problems faced by the United States in Southeast Asia.

The chiefs of U.S. diplomatic missions throughout Asia were summoned to the secret, high-level meeting, which opens officially Sunday.

The conference will be presided over by W. Averell Harriman, assistant secretary of state for Far Eastern Affairs. Also participating in the crucial talks were Chester Bowles, President Kennedy's special adviser, and Adm. Harry D. Felt, commander-in-chief of U.S. forces in the Pacific.

Before leaving Saigon for this mountain resort, which is about 180 miles north of Manila, Felt said the United States "can be confident there will be no Dien Bien Phu" in South Viet Nam. This was meant to reassure the South Vietnamese that the West will not let the Southeast Asian country fall into the hands of the Communists.

"I am confident we will win this war," he said. "The Communists have increased their activities, but this is in reaction to the improvements on the free side."

The admiral's remarks came shortly after it was disclosed that American pilots have been flying on combat missions with South Vietnamese pilots in a training capacity.

There were preliminary discussions among the diplomats today in Camp John Hay, a U.S. military center in Baguio.

State Department officials barred newsmen from the conference camp, except for one session on Monday, during which Philippines Vice President and Foreign Secretary Emmanuel Pelaez will address the conference members.

Majority of Smokers Do Not Like It

PHOENIX (UPI)—New statistics show that a majority of cigarette smokers think it is a major cause of lung cancer and are not pleased to be smokers.

This curious combination was disclosed by Dr. Daniel Horn, a statistician for the American Cancer Society, Friday night in reporting on his latest statistical study of smokers and non-smokers at the opening of the society's annual science writers' seminar.

To Horn, the results demonstrate that cigarette smoking is an addiction.

If it wasn't an addiction, you'd think men who thought it a cause of lung cancer would give it up, he said.

Horn's new study showed, however, that probably as many men smoke cigarettes now as smoked them before smoking them was associated with lung cancer.

It Was All A Mistake

It was all a mistake, but the power of woman is still uncontested, Palm Springs police said today.

A carload of excited male juveniles dashed into police headquarters at 1:43 a.m. to report woman driver was attempting to force another male driver off the street in front of headquarters. The alert teenagers had spotted the woman's license number, they said.

A patrol unit stopped the car at Sunrise Way and Vista Chino. It contained Dr. Ruth McCammon, 259 Camino Alturas, who thought she had been followed by the unidentified male and the juveniles. It was all a mistake, police said.

Dr. McCammon continued her drive home, unbothered by any encroaching traffic.

First Lady On 1st Leg Of Journey

ROME (UPI)—Mrs. John F. Kennedy flew into Rome today in spring-like temperatures, and called on Italian President Giovanni Gronchi to start an unofficial weekend visit during which she will visit Pope John XXIII.

The first lady, looking pert in a leopard coat and fur pillbox hat, stepped out of a jet airliner more than one hour overdue, to be greeted by an applauding crowd of 600 persons.

Mrs. Kennedy, en route for a tour of India and Pakistan, accepted a bouquet of long-stemmed roses from Mrs. G. Frederick Reinhardt, wife of the American ambassador, to start her "strictly private" Roman interlude.

The airport welcoming ceremonies were over in minutes. The smiling Mrs. Kennedy stepped into the ambassador's limousine for the drive into Rome without making any remarks to the crowd.

Change of Climate
Her plane had whisked her from near-freezing weather in New York, refueled in Paris and delivered the first lady to an overcast but balmy Roman day with temperatures near 60.

Mrs. Kennedy and her party drove to the Quirinale Palace, once the residence of kings and popes, to meet silver-haired President Gronchi.

Romans who spotted the motorcade stopped at the curb and waved, but there was no massive turnout of the type that greeted President Kennedy and his wife in Paris and Vienna last year.

After a brief meeting, the first lady was rushed through traffic by siren-blasting police cars and motorcycle outriders that escorted her through Borghese Park to the Villa Taverna, the graceful 17th century ambassadorial residence which will be her home here.

Deny Report of Eddie and Liz Marital Crash

ROME (UPI)—Spyros Skouras, president of 20th Century-Fox, flew into Rome today and branded as "completely false" published reports of a marital breakup of Elizabeth Taylor and Eddie Fisher.

"I just talked to Miss Taylor and Eddie. It is ridiculous," Skouras told United Press International in a telephone interview.

"They invited me to dinner at their villa tomorrow night," the Greek-born film president said.

He rejected suggestions he had flown to Rome specifically in connection with the published reports that all was not well in the Taylor-Fisher household.

"That's silly," he said. "I don't know anything about it. It is absolutely ridiculous. It's completely false."

Wall Damaged In Hit-and-Run

That sharp noise in the 1400 block of East Alejo Road in the pre-dawn hours wasn't a householder tossing out the cat, Mrs. Yvonne LaCaille discovered today.

At 6:38 a.m., Mrs. LaCaille phoned officers to report that sometime during the night, someone crashed into her front yard wall. Part of the wall was knocked down.

A neighbor told investigating officers a sharp noise had been heard at 4 a.m.

"It sounded like a neighbor slamming a door," police said the pre-dawn listener reported.

Police are seeking clues to the hit-run car. Mrs. LaCaille is estimating repairs to the wall.

Car Blast In Paris Kills Three

PARIS (UPI)—A booby-trapped automobile loaded with explosives blew up early today in a Paris suburb, killing two policemen and a priest. At least 50 persons were injured in the blast.

Police sources said the car was left in front of a meeting hall in which the leftwing National Congress of the Movement for Peace was scheduled to begin a two-day meeting this morning.

The explosion occurred in the suburb of Issy-les-Moulineaux, a working class district on the southwestern edge of Paris, during the morning rush hour when people were going to work and others were shopping in a market nearby.

The blast smashed the doors of the meeting hall and wrecked the interior of the building. It blew out windows over a radius of more than 100 yards.

State Meeting On Common Market Called

SACRAMENTO (UPI)—Gov. Edmund G. Brown has called a state-wide conference to discuss the effect of Europe's common market on California agricultural exports.

The governor said Friday that President Kennedy's recently announced tariff-cutting agreements with the six common market countries and 25 other nations would have "a profound long-range effect on California agriculture."

Brown said that the conference, to be sponsored by the state Department of Agriculture and the University of California, would help agricultural interests in the state "develop an aggressive trade program to protect existing foreign markets for California agricultural products."

PLEA FOR QUIET

'Stolen Husband' Found

SAN FRANCISCO (UPI)—Walter A. Ryan, the former Roman Catholic priest named in a \$2.3 million lawsuit against the Catholic Church, met reporters Friday with a plea for a "quiet, peaceful life."

Ryan, 57, was discovered living in San Francisco and working at a variety of odd jobs—a placid life he said he prefers to continue. His blonde wife, Alice, filed suit in New York Tuesday charging that the church broke up her marriage in 1955 "with force and

by means and aid of intoxicating beverages and liquors."

Ryan, a wiry, nervous man now excommunicated from the church, said he has no plans to return to Glen Head, N.Y., and the wife and children he left in 1955.

He said the charge his wife made against the church is "fantastic." He called it "an unfair reflection upon the Catholic Church."

Mrs. Ryan's suit claimed that her husband returned to her a year after his initial disappearance and then was "removed" to a monastery, against his will.

Ryan, blinking at television lights, said he was "automatically excommunicated" when he married the former Alice Belkis. "I am not considered a Catholic in good standing," he said.

"I regret any mistakes I may have made," he said slowly in response to a reporter's question. "As to what I would do again, how can I answer that? How would any man be able to answer that?"

Ryan said that he left home of his own accord "after having told my superiors of my marriage..."

Social Scene Russians Are Our Teen-Agers

By JACK V. FOX

SUBURBIA, U.S.A. (UPI)—The adult world, I am informed, runs approximately six months to two years behind actual trends and behavior patterns established by the teen-age set of the United States.

My informant is my 16-year-old son. He says the teen-agers are the Russians of the social scene—they actually invent everything new.

The Twist, for example. That dance has been passe for months among the high school crowd. The dance now is "the Chicken and the Slop." It involves waving the hands wildly in the air but I stopped the boy before he got into the slop part of it.

Another fad is the French opening and closing of telephone conversations. The "in" teen-ager now opens the call by saying "allo, allo" and closes with "au revoir"—pronounced at my house "or revore."

Such sayings as "and all that jazz" were discarded long ago. The kids just look sympathetic when I try the one about being "some kind of nut." That is now supplanted by "what are you, out of your skull?"

The latest phrase in vogue, I am told, is "Shoot low, they're riding Shetlands." I haven't been able to find out what it means, but it does have a certain flair.

No one says that something or

\$1 Bill Worth \$1,500

PERTH AMBOY, N.J. (UPI)—Mrs. Veronica Polak has a \$1 bill that is worth at least \$1,500.

The bill has two faces of George Washington, one on each side. According to the Treasury Department in Washington, the bill is a misprint, a mistake that happens once in 1.7 billion times.

Mrs. Polak said she picked up the bill four years ago while she was shopping in a supermarket. Although friends told her that she apparently had gotten "stuck," she decided to hold on to the bill—just in case.

"I had no idea it was worth anything until a collector heard about it and offered me \$1,500," she said. "I'm not a rich woman, all I have is my dollar. So I figure if it is worth \$1,500 to him, it is worth more to me."

The woman said in recent weeks she has received hundreds of offers for the freak bill, and now is considering selling to the highest bidder. One offer came from the Treasury Department. A spokesman there said the department would be glad to replace the unusual bill "with a sound single."

Werle Show Planned for Gals Play Day

"I can imagine nothing more thrilling than making women more beautiful," comments Beverly Hills fashion designer Werle, who will stage a showing at Thunderbird Country Club, on March 14 at noon, as a feature of the weekly Gal's Play Day. He is being presented by Holiday Originals.

One of California's outstanding couturiers, Werle designs for such fashion-smart women as Loretta Young and Barbara Stanwyck. After studying sketching and sculpting at Chicago Art Institute, he determined he would rather costume women than sculpt them.

Cocktails at noon will be followed by the fashion show-luncheon at 1 p.m., and card games.

Hostesses for the day will be Lillian Bishop and Maggie Thornton, and reservations may be made by phoning the club.

WITH HILDY CRAWFORD

Saturday, March 10, 1962 THE DESERT SUN Page 5

The flag of Costa Rica has been flying out at Eldorado Polo Club house this week as the visiting Central Americans played polo and were caught up in a social round. The English-speaking visitors took to the 'twist with enthusiasm and that's something they will be taking home with them, along with the loot from shopping sprees along Palm Canyon Drive. The entertainment started out with a clubhouse cocktail party for around 100, followed by a dinner party at the Racquet Club, hosted by Alvin Untermyer.

Monday night, found them guests of Bob Haynie at cocktails and dinner at Eldorado Country Club, and on Tuesday Desert Riders rode to the Eldorado polo grounds and had Johnny Boyle there to entertain for them.

Wednesday night it was a pool-side barbecue at the Eldorado home of Wrenn and Will Tevis, honoring the Costa Ricans and, at the same time, celebrating the birthday of their daughter Sandra.

The Peter Hitchcocks entertained the visitors on Thursday night, and the Bill Tomberlins and Russell Chases took them to Ray Ryan's Hawaiian Twist Party for Millie Considine last night. Rounding out a very social week the polo players and their wives will be guests at tonight's Hearst Ball

at the Riviera. Following tomorrow's game there will be a farewell cocktail party and awarding of trophies.

When the Presidential plane brings President John F. Kennedy to the desert it will be March 24, the day of the Land of Lincoln Ball, to which he has been invited, and the day before the glittering Desert Circus Parade which will move along Palm Canyon Drive, and in which he has been invited to ride.

The Presidential party will spend the weekend on the desert, reportedly at LaQuinta.

This is a first Palm Springs visit for the President, who finds Florida more convenient, as it's right at Washington's back door.

Honoring the Edgar Eisenhowers of Tacoma, the Duane Wheelers entertained last night at their 11th fairway home at Eldorado Country Club. The half a hundred guests were mostly Eldoradians but did not include the Dwight Eisenhowers, as she's at Maine Chance and he is deep sea fishing off Baja California. Also honored were the Charles Eckstroms who are here with the Edgar Eisenhowers.

The Wheeler house, which was featured recently in House Beautiful, was at its beautiful best for the party and Florence Lowell, who catered, had an elaborately decorated buffet with a whole salmon, poached in wine sauce, curried lobster, a towering salmon mousse 14 inches high and three fish-shaped mousses.

A pink wrought iron flower cart and been filled with shaved ice and held silver bowls of fresh lobster, prawns and sauces.

The Harold J. Mocks of Bel Air have all their bedrooms and their guest houses at their Palm Desert home filled with Beverly Hills and Westwood alumni of Gamma Phi Delta this weekend.

The guests who are being honored at cocktails and dinner, both last night and tonight, are Messrs. and Mmes. Al Alford, Hiling Anderson, Douglas Beamish, Earl Brown, Robert Dickey, John Findlater, Robert Hadley, John Hurst, Richard Hyde, Philip Jones, Bernice Ley, Donald Moore, Dan White.

ly, Mrs. Frank Ryan and William Tennety.

A surprise for guests arriving for tonight's Hearst Ball will be the 300 feet of murals that Chris Ranes has done along the walls of the main entry to the Mediterranean Room.

Just completed, it is an exciting panorama of Paris, done in blues, purples and magentas, in acrylic paints, the new washable vinyls. Chris, who is a native of Paris and lived there for 16 years, has painted impressions of the out-door cafes and book stalls, the Eiffel Tower, the churches and the opera house, the Montmartre, and the bridges on the River Seine, mixing love with her paint. Caroline Summers, another gifted artist, worked with her.

Here for a Palm Springs holiday and occupying the Carl Burns house on Berne Drive is Dodie Stevens the girl who made "Pink Shoe Laces" popular. With her are her parents and sister.

It was Burns who discovered Dodie and made the first recording on his Crystallite label. Dodie's moved on to other labels, but now it looks like she is back with her original producer and something big and new is in the making.

The Beautiful and Useful Are Rummaged for Sale

The unusual and the beautiful, the useful and the bargain-at-any-price items are always to be found when St. Paul's in The Desert holds its annual Rummage Sale and a necklace that has been appraised at \$500 is numbered among the contributions to this year's sale, which will be held on Saturday, March 17.

The gift of an anonymous donor, the delicately designed necklace and its matching earrings by Ruser is of 14-carat gold in a floral pattern with 55 small blue sapphires and 15 cultured pearls, 15 mm. size.

Mrs. Robert Phillips, chairman of the sale, says that many other beautiful things are donated each year from wardrobes, jewelry boxes and storerooms, always assur-

ing a line of bargain hunters waiting for the doors to open.

A pair of graceful glass swans (flower containers), paintings and water color sketches and numerous attractive items have already been noted but there are boxes and trunks still to be emptied and classified for sale, she said.

New this year will be a plant department, with plants, trees, shrubs and vines and even mint plants to start a mint bed. All come from Palm Springs gardens and are desert acclimated.

Assisting Mrs. Phillips with the sale is Mrs. Francis Crocker.

The sale, which will be held in the parish hall at St. Paul's at 125 W. El Alameda, will run from 9 a.m. to 5 p.m. on March 17. Association President Miss Hazel Gross announces.

Gene Barry Wows 'Em At Chi Chi

Television's "Bat Masterson" put aside his six-gun and his cane, for the most part at least, in order to allow the "real" Gene Barry to "stand up" in his opening show at the Chi Chi.

And, despite the heavy typing that the Masterson role has brought to Barry, he seemed to neither suffer nor be impaired by his seeming reluctance to embrace the video hero.

Barry's show, his West Coast debut, made little or no concession to the electronic medium. Instead,

it was equal parts of song and dance with the former getting the heavy accent.

Barry noted the trend to Italian signers (Sinatra, Martin, et al) by observing that he has hired an Italian director, Al Pellegrini. He sang in the Sinatra vein, then moved to a Maurice Chevalier feeling and branched out with a personal identity segment. Included were a group of songs which he called his "11 o'clock songs," or melodies for after the show is over. Included were such evergreens as "Everything I've Got," "Almost Like Being in Love" and "It's Wonderful."

It was during this segment that Barry served notice that he is not for the club circuit, noting that while he may never return to a television series, his sights are firmly set on Broadway. Later he confided that he has been asked to come to New York to look at the first of the Alan Lerner and Richard Rodgers efforts in April.

OLD BAT himself, Gene Barry, poses without his cane with Jack Lambert (left) during the TV star's opening at the Chi Chi. It was Barry's West Coast debut of his song and dance act, after which he revealed he has his sights on Broadway.

Railroad Report Spotlights Make-Work

By LYLE C. WILSON

WASHINGTON (UPI)—The report of the Eisenhower Railroad Commission to President Kennedy spotlights the 1947 effort made by Congress to deal with featherbedding make-work labor contracts.

The effort was made during the 80th Congress during development of what became the Taft-Hartley Labor Relations Act. The House adopted a strong prohibition against featherbedding. The Senate forced the House to back down on that and substituted some less inclusive language.

This Senate substitute was a pretty good example of double talk, maybe triple talk. It was loose and invited loose interpretation by the courts. It forbade labor contracts that required an employer to pay for work not performed or not to be performed, in other words the employment of persons in excess of reasonable requirements. This provision has been accepted by some persons as a solid prohibition of featherbedding. For example:

No Uncertain Terms
Lawrence Fertig, a columnist-economist-industrialist wrote in his recent book, "Prosperity Through Freedom," that "the Congress of the United States has expressed itself in no uncertain terms about featherbedding..."

that no employer should be forced to employ or agree to employ any person or persons in excess of the number required to perform actual services."

Fertig concedes, however, that this language is washed out by agreements forced by big unions supported by friendly judges who construe the phrase "reasonably required" in a way favorable to featherbedding. Full crew laws affecting the railroads also support featherbedding in many states. The featherbedding practice, however, extends to most of the large industries, notably steel, transportation, publishing and entertainment.

Fred A. Hartley Jr. wrote a book, "Our Labor Policy" after the new (Taft-Hartley) law, can enactment of the Taft-Hartley Act be more easily dealt with, but of which he was co-author. He wrote of his regret that the

strong House provision against featherbedding was scuttled. Of the Senate substitute, Hartley expressed doubt as to how it would work in practice. The late Sen. Robert A. Taft wrote a foreword to Hartley's book. Taft explained why the Senate balked at the strong House prohibition of featherbedding.

"The attempt to prohibit featherbedding," Taft wrote, "requires an elaborate federal investigation of conditions in each industry and the exercise by the government of an expert opinion of the number of men required to do each job. The extreme case of paying men for doing nothing, made an unfair labor practice by the new (Taft-Hartley) law, can be more easily dealt with, but there are literally thousands of borderline cases different in every

industry which would require a vast extension of government regulation of labor and industry."

Former President Dwight D. Eisenhower established the Railroad commission in November 1960, leaving it like a time-bomb on President Kennedy's doorstep. It should be noted that the commission has met one of Taft's stipulations with respect to the prohibition of featherbedding. The commission just has completed an elaborate investigation of conditions in one industry, railroads.

stration may be confronted with Taft also stipulated the exercise of expert opinion by the government. A decision whether featherbedding actually exists in a given industry. The Kennedy Administration may be confronted with that decision. It could be easier to avoid it than to make it.

Annual Palm Springs Invitational Starts Sunday

SPORTS in The Sun

BOB ABBEY, Sports Editor
Page 8 THE DESERT SUN Saturday, March 10, 1962

KHJ-TV to Air Angels Game on Sunday at 6 p.m.

Like today's baseball game between the Los Angeles Angels and Houston Colt 45s, KHJ-TV channel (9) will televise the entire game between the two clubs on Sunday.

The exhibition game today was carried live, but Sunday's game will be taped and TV viewers can catch the action at 6 p.m. on channel 9.

Six Angel ball games from the Polo Grounds here will be aired by KHJ-TV out of the 11 exhibition contests the ball club will play in Palm Springs.

IN THE MIXED doubles championship match of the invitational tennis tournament held at El Mirador, left to right, Mort Ulman and Marjorie Jackson defeated Hazel

Kunody and Chuck Jaudreau, 6-2, 6-2. Vini Rurac, tennis pro, center, congratulated the winners and runner-up team after presenting them trophies.

O'Donnell GC to Host Amateur Golf Meet

With a capacity entry list in all three events, the 27th Annual Palm Springs Invitational Golf Championships get underway tomorrow morning at O'Donnell Golf Club.

With practically all of the state's leading amateurs entered in the Championship 54-hole tournament, this year's event is rated a wide-open affair with George Archer, San Francisco, defending champion facing stiff competition in his attempt to repeat.

Only Two Repeaters

Only two golfers have won in two successive years in the 26-year history of the tournament. C. H. Weaver won in 1944 and 1945 and Al Beiberger, then at USC, won back-to-back tournaments in 1958 and 1959.

Five-time winner Dr. Bud Taylor, member of the American Walker Cup team, will try to make it six times this year.

Class A players in two groups, 6-14 and 14-25 handicaps tee off tomorrow. They go 36 holes, playing 18 a day any two days between Sunday morning and Tuesday night.

Seniors Play 18 Holes

Senior golfers, in five classes by age brackets, play 18 holes either Wednesday or Thursday.

Friday morning the Championship proper gets underway with 18 holes a day for a 54-hole medal play total.

Prizes for Class A and Senior events will be awarded Thursday night at the annual Gala party to be held at the Chi Chi.

J. E. Dad French is tournament chairman and pro George Howard in charge of details.

UCLA, USC Upset in Cage Tilts

By MICHAEL HUDSON

Stanford was guaranteed an undisputed second place finish in the Big Five basketball chase today, thanks to a big assist from a most unlikely ally.

While the cards were thumping the champion UCLA squad, 82-67, at Stanford Friday night, the Indians' usual arch rival California, hung an upset 61-60 decision on USC's Trojans. Troy was mathematically washed out of the race for second then and there.

Stanford moved out to an amazing 51-29 half-time bulge in its game against UCLA. The Bruins rallied in the second half behind the shooting of Walt Hazzard and John Green, but could never get closer than 10 points.

Darryl Sutherland scored 30 for the Cards.

John Rudometkin — who won many games for the Trojans — was the goat of Friday night's contest.

The Trojans led 60-57 with 33 seconds to go. Then Cal's Don Lauer hit a basket.

With 17 seconds left, Rudometkin was loose under the Bear basket. He chose to shoot a 5-foot shot rather than continue to freeze the ball. He missed, and Cal's Dick Smith hit the clincher five seconds later.

Smith had 22 points for the Bears and Rudometkin 18 for the Trojans.

USC's defeat left them with a conference mark of 5-6 and a season record of 14-10. Last year's USC team was 8-4 and 21-8 and the entire starting team returned this time around, but basketball can take some funny bounces.

Tonight, it's UCLA against California and USC facing Stanford in the final night of play in the season.

SAME TEAMS SUNDAY

3,000 Fans See Angels Play Houston Colt 45s

By BOB ABBEY

It was take me out to the ball game today for a sellout crowd of nearly 3,000 baseball fans as they packed the Palm Springs Polo Grounds stands to watch their heroes, the Los Angeles Angels, play the Houston Colt 45s in the first exhibition game of the 1962 season.

The Colt 45s will take the field again tomorrow against Palm Springs No. 1 ball club, the Angels, with game time called for 2 p.m.

Several young players were in the lineup for today's game as skipper Bill Rigney indicated he wanted to get an early looksee at Jim Fregosi at shortstop and Marlan Coughtry at second base.

Sunday's hurlers The Seraph boss man on the diamond named his hurlers for Sunday's game and will start George (Red) Witt and Jim Donohue.

"Bowtie," as Bowfield teammates have labeled the crafty southpaw, appeared in 41 games while working in 137 innings. He hurled the 50th win for the ball club last year.

Donohue, who was acquired from Detroit in early-season trade last year, has indicated that his biggest thrill in baseball to date was gaining his first major league win and 'save' in same day — against the Angels last year, before Los Angeles acquired him.

The righthanded Witt pitched for the Pittsburgh Pirates and Asheville during the '61 campaign, but injuries plagued the hurler the greater part of the season. His early season pitching duties have impressed the Angels skipper and coaching staff.

Shantz to Hurl Field manager Harry Craft of the Colt 45s has assigned hurling chores for part of Sunday's game to Dick Farrell and Bobby Shantz.

The Houston club dished out \$125,000 for Farrell in the National

League player pool last October when they purchased him from Los Angeles Dodgers. The Dodgers acquired the right-handed fireball artist from the Philadelphia Phillies in May of last year in a trade that sent Charlie Smith and outfielder Don Demeter to the Phillies.

When Farrell joined the Dodger organization, it was a firm belief with the big man in the bull pen the Dodgers were a "shoo-in" for the NL pennant. He finished with an 8-7 record pitching for Philly and the Dodgers.

MVP Award

Lefty Shantz, who was voted the American League Most Valuable Player in 1952, was bought at the same time as Farrell for \$75,000 from the Pittsburgh Pirates. This was the second time around on the 75 grand merry-go-round for the ex-Yankee ace, for the Washington Senators shelled out the long-green for him in 1960 when the AL expanded to 10 teams. The year he was given the MVP award he led the AL league in wins (24-7), while with the world champion New York Yankees.

Today the Angels opened a 33-game exhibition schedule and Sunday 2,400 general admission tickets go on sale at 11 a.m. like before all home games.

Last year the Angels had a 7-10 record against major league competition and a 14-13 over-all record.

Sanders Takes Lead At Pensacola

PENSACOLA, Fla. (UPI)—Limping Doug Sanders of Ojai, Calif., his boisterous personality quieted by a badly gashed foot, teed off today in the third round of the \$20,000 Pensacola Open with a three shot lead.

Chasing him hard were four top money winners and a darkhorse. Sanders blazed around the 6,700-yard, par 72 country club course with 67s Thursday and Friday. He played Friday's round "in orbit" as doctors filled him with drugs to kill pain and stop the bleeding of his left foot which he cut on a broken ashray.

The 137 total was seven shots under the 36-hole cutoff mark of 144 made by 61 pros and two amateurs.

Tied for second at 137 were Arnold Palmer of Miami; Don Fairfield of Champaign, Ill.; Bert Weaver of Beaumont, Tex.; Paul Harney of Worcester, Mass., who won here three years ago; Dave Ragan of Sun City, Fla., and ex-horse Miller Barber of El Dorado, Ark.

Defending champion Tommy Bolt of Crystal River, Fla., who fired an opening day 66, skied to a 74 Friday and was in a seven-way tie for fifth.

The first round leader, Peter Mazur of Tonawanda, N.Y., who set a competitive course record with a sparkling 63, was way back at 141.

Dodgers Are Platooning

VERA BEACH, Fla. (UPI)—The baseball season—even the exhibition season—hasn't yet begun and Los Angeles Dodgers manager Walter Alston already is platooning.

When the Dodgers made their spring debut against Kansas City today two men whom Alston previously hadn't announced will be in the lineup.

The Dodger headmaster announced lumbering Frank Howard would start at first base in place of Ron Fairly and lefthander Sandy Koufax would be the starting pitcher—replacing Don Drysdale.

THRASHER SIGNS CONTRACT

CALGARY, Alta. (UPI)—Frank Thrasher, a center from Texas State University, has signed a 1962 contract with the Calgary Stampede of the Western Football Conference.

IRISH SET DATE

SOUTH BEND, Ind. (UPI)—The Irish of Notre Dame open spring football practice on St. Patrick's Day, the first time the school has started its training season this early in many years.

Second Round Winners in La Rena Salkeld Tourney

Golfers of the Women's Club at the Palm Springs Golf Course who won second round matches in the La Rena Salkeld perpetual championship trophy tournament are as follows:

Jean Funseth def. Kay Lux, 2-1; Francis Rysley def. Marion Cox, 4-3; Evelyn McFarland def. Barbara Gilligan, 2-1; Shirlee Cooper def. Alice Huff, 2-1; Arlene Foldes def. Freda Lyngaard, 2-1.

Other winners were: Lee Ron def. Mary Clark, 5-4; Helen Chambers def. Evelyn Shillings, 6-5 and Shirley Kennedy def. Helen Lockridge, 6-5.

Consolation winners in the second round were: Mary Neil def. Del Linnick, 2 up; Elizabeth Courtwright def. Milly Gabbert, 5-3; Elaine Hair def. Dorothy Lawrence, 5-3; Blanche Peek def.

Ruth Valeur, 1 up and Dorothy Baker and Vivian Lefton drew byes.

Geiberger Tied For Lead in Jamaica Open

KINGSTON, Jamaica (UPI)—The eager youngster and the patient also-ran continued to share the lead today when the Jamaica Open golf tournament went into its third round.

Al Geiberger, 23, and the rookie of the year in 1960, and Henry Williams, Jr., who hasn't won a major tournament in 10 years, were deadlocked at 135 after 36 holes. That put them one stroke ahead of Angel Miguel of Spain.

COSTA RICA polo team member Carlos Gonzales, preparing to take a near side forward stroke, supplied the fans with plenty of action last Sunday when his team played the Eldorado club at the Palm Desert Polo Grounds. The same teams will play the last of their two matches tomorrow at the polo field.

Costa Rica Polo Team At Eldorado Sunday

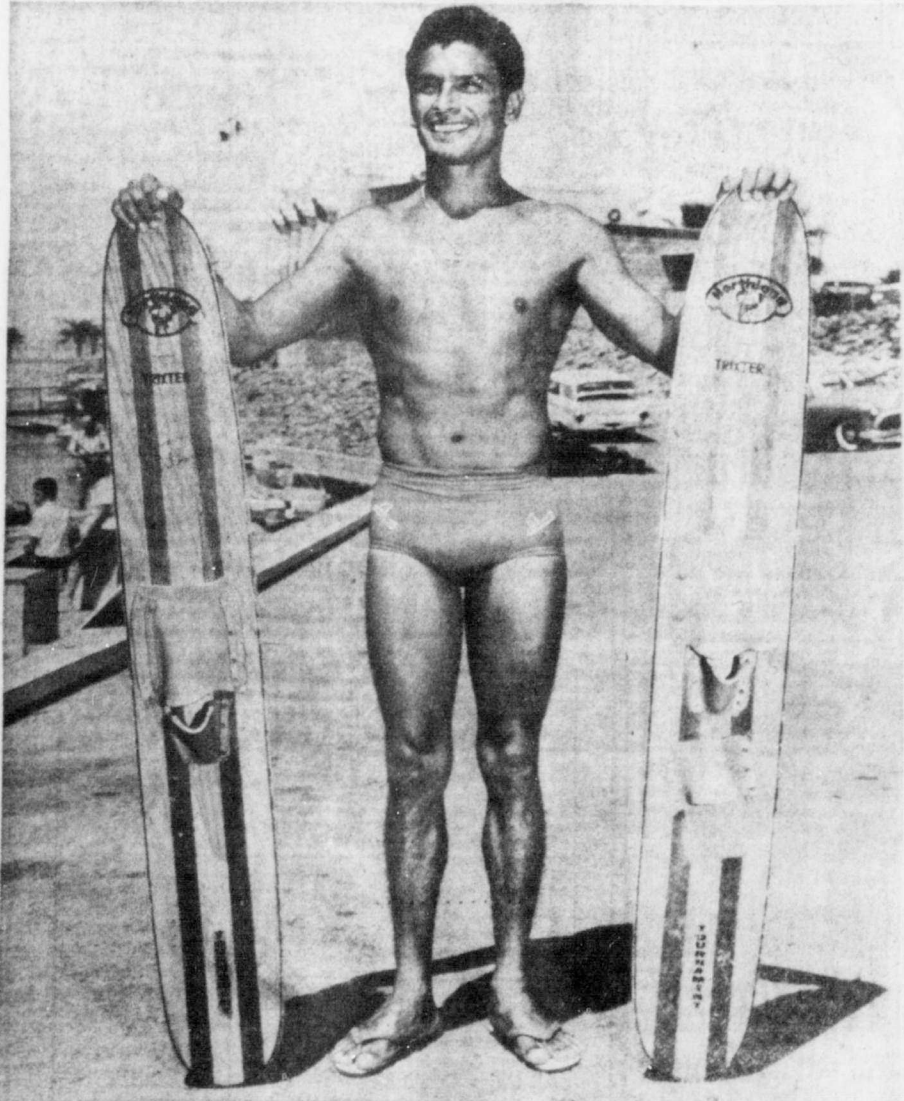

The Costa Rica Polo Club, five-time Central American champions, hopes to even their series with Eldorado when they clash Sunday afternoon in their final international polo match at the Eldorado polo grounds in Palm Desert. The six chukkers of action get underway at 2 o'clock.

The Eldorado "Black" team came from behind last Sunday to score two goals in the final chukker to defeat Costa Rica, 8-7, in the first of their two match series.

Britain's Hurlingham polo team had handed various Eldorado teams three straight defeats in previous weeks.

Riding for the Eldorado "Purple" team will be the father and son duo of Ted Pierce, Covina Highland, and his 17-year-old son, Steve, a Palm Springs high school senior. Rounding out the foursome are the Long Beach pair of team captain Allan Scherer, a four goaler who played most of last year in Europe, and Ken Walker a three goal player.

Alberto Gonzalez, although he scored no goals last week, was the riding star of the game. Esquivel is one of the finest penalty shooters to ever play at Eldorado. They will be tough to beat, as all the boys ride hard and play to win.

MEXICO'S water skiing marvel, Mundo Villegas, of Acapulco, is all set to thrill spectators with his famed bat-man stunt at Salton Sea's North Shore Beach Marina Sunday at 2 and 5 p.m. Villegas takes his life into his hands each time he orbits

high above the water's surface from a skiing start. What sends him soaring? A combination of his grip on the tow-rope aid of a speeding boat and Villegas' own knowledge of aerodynamics.

Citizens Study Group Recommends Mentally Retarded Child Program

By PEYTON CANARY

A training program for severely mentally retarded children was recommended for the Palm Springs Unified School District in the report submitted by the citizens' study committee.

Berton L. Lamb, board president, said the report "won't be pigeon-holed," and promised study sessions will be conducted to seek answers to possible implementation problems.

The four-member committee, headed by co-chairmen Orvil Zappe, Cathedral City, and Rabbi Joseph Hurwitz, Palm Springs, recommended the program be started no later than Feb. 1963.

3-1 Report

The committee, appointed in Sept. 1960 to study the request for a program presented by the Palm Springs Foundation for Mentally Retarded Children, delivered a 3-1 majority report.

Dissenting was Mrs. Frank Hill-ton, who told the board she based her reaction on talks with Port-land, Ore., school officials. The

Oregon school personnel said they didn't think their city system could afford a program for severely mentally retarded children. Oregon will require such a program in 1965, and defray all costs, the Portland people added.

Zappe told the board the committee reached its decision after studying replies from nine school districts with training programs for the severely mentally retarded and personal visits and consultations in four neighboring districts.

Mrs. Virginia Primrose, a teacher and vice principal for the ex-ceptional children program in Fon-tana, attended last night's meet-ing and emphasized the progress the youngsters make with train-ing.

The committee reported to the school board that California now has 2,264 severely mentally re-tarded youngsters in 294 special training classes within public schools. The figure is a gain of 48 new classes over the 1960-1 figure, Zappe said.

The co-chairmen emphasized

that the State of California en-courages the permissive training programs, providing \$670 per pu-ble more than normal state aid for the training programs.

Costs Estimated

The committee estimated the first year's capital costs for a class up to 12 members at \$11,300. Operational costs were estimated at \$14,345, with estimated state excess aid of \$8,040, based on 12 youngsters. Zappe estimated the 12 youngsters would cost the district \$7,506 a year if they were in regular classes.

Zappe, in a written report, em-phasized that the promise of equal opportunity "extends to ev-ery child within the borders of our country, no matter what his gifts, his capacity, or his handi-caps."

The report urged establishment of a program as soon as possible, after financing problems are solv-

ed, adequate housing for the pro-gram is determined, and a mini-mum of eight eligible trainees are certified by the school psycholo-gist and physician to qualify un-der the state education code.

The district now has seven known qualified potential pupils for the program, and possibly eight, Zappe said. He reported a training program is now in opera-tion by the Palm Springs Founda-tion for Mentally Retarded Chil-dren.

Mrs. Richard Deman, an as-sociate member of the foundation, told the board the foundation uses donated class space on the Cathed-ral City Community Church, but pays for a teacher, teacher's as-sistant, janitorial service and sup-plies.

Mrs. Deman said the foundation does not have sufficient funds to build its own facilities.

VFW Will Hear Talk By Tenney

"Americanism" will be the topic of an address by former State Sen-ator Jack B. Tenney to a joint meeting of the Veterans of Foreign Wars and Auxiliary tomorrow at Palm Springs Riviera Hotel at noon.

Tenney, who is now a candidate for the Republican nomination for Congress from the 38th district comprising Riverside and Imperial counties, served for a total of 18 years in the California legislature. He is now a Banning attorney.

During his tenure as State Sen-ator from Los Angeles county, the former senator was for 10 years chairman of the Senate Fact-Find-ing Committee on Un-American ac-tivities and authored five reports which are still used for reference by the FBI and other law enforce-ment agencies.

Tolerance and Compromise Sermon Topics

"Tolerance and Compromise" will be the subject of the sermon by Rev. Dwight Ball at the Com-munity Church of North Palm Springs Sunday at 11 a.m.

Mr. Ball will discuss various biblical commands requiring tol-erance and understanding of those with whom we differ. He will also interpret those instructions which indicate that Christians must stand firm and refuse to weaken in the face of all evil.

On Sunday afternoon, the peo-ple of the church are driving to Mentone for the Spring meeting of the San Bernardino Association of Congregational Churches, it was announced.

She promised to come to Amer-ica with him but when the time came she could not tear herself away from her family. The new-lyweds lived together for two weeks.

Stefanski did not hear from his bride again. He re-enlisted, wan-dered in an out of the Army

and 20 years later married Mrs. Mina Roberts. They have lived together in Portland for 23 years. Last summer Stefanski received a letter.

It was from Georgette. She was destitute, had been wounded and blinded in Paris near the end of the German occupation in World War II. Her only support was a meager French pension.

She said she still was Stefanski's wife and she demanded \$50 monthly support payments.

Stefanski was stunned. He had not heard from her in 42 years but had corresponded briefly with her parents. They said she had divorced him in 1921.

Stefanski, now 62, took his prob-lem to an attorney. The attorney filed a divorce action.

Georgette went to the American Embassy and then to a Paris lawyer. The Paris lawyer wrote to another attorney in Portland.

The case had its first hearing Thursday before Judge Jean Lew-is in Portland. The issue was an order on Georgette's behalf seek-ing temporary support payments and attorney's fees.

"I am mindful that you have not seen this woman for 42 years," said Judge Lewis, "but she still is your wife."

He granted \$200 attorney's fees but withheld an order for support payments until depositions can be obtained from Georgette in Paris. The depositions are to be received within 60 days if possible.

Then the court, and Stefanski, will know what has happened since he sailed from France that day in 1919—and whether he still is married to Georgette.

"It's a long time to wait for something like that," Stefanski said.

Hopper Increase Predicted

By GAYLORD P. GODWIN
United Press International

The population of grasshoppers and mormon crickets in Western and Midwestern states may be heavier this year than a year ago. The department said grasshoppers were found on nearly 13.5 million acres of rangeland in 15 states during surveys conducted last fall. Mormon crickets were found on nearly 98,000 acres in six states.

The surveys also showed an increase in cropland acreage infested with grasshoppers. Rangeland acreage with grasshoppers has more than tripled and mormon cricket acreage has

more than quadrupled since 1960. An abnormally dry spring and a warm, dry fall in 1961, both favorable to insect survival, helped to increase the numbers.

'Man' Topic For Church This Sunday

The spiritual relationship of God and man will be brought out in the Lesson-Sermon entitled "Man" in all Christian Science churches on Sunday.

Highlighting the Lesson-Sermon is the Golden Text from Psalms (100:3), "Know ye that the Lord he is God: it is he that hath made us, and not we ourselves; we are his people, and the sheep of his pasture."

In the Christian Science textbook, "Science and Health with Key to the Scriptures," Mary Baker Eddy admonishes, "Mortals must gravitate Godward, their affections and aims grow spiritual,—they must near the broader interpretation of being, and gain some proper sense of the infinite,—in order that sin and mortality may be put off" (p. 265).

Reuning in Pulpit Sunday

Our Savior's Lutheran Church of Palm Springs, meeting for worship at the regular 11 a.m. hour Sunday will look to the enlightenment of Holy Scripture on the subject of "Temptation to Evil."

Using the account of the temptation of Jesus in the wilderness by the devil, Rev. Walter H. Reuning, pastor, will preach on the topic, "Jesus' Own Technique for Fighting the Devil." Rev. Reuning comments that "Satan makes his most complete victory in a person when he convinces that person that the Devil doesn't exist." The Senior Choir will sing under the direction of Miss Betty Ludwig.

Midweek Lenten Services continue each Wednesday at 7:30 p.m. Sermon theme for this Wednesday is "God's Substitute for Sinners." Sermons for all the Lenten Services will be based on Isaiah, chapter 53, which so clearly, some 750 years before the birth of Jesus, described the sufferings, death, rejection, and victory of the Messiah. The public is invited to join in this Lenten observance by attending these brief 45 minute services.

Old Females Are Failures In Show Biz

HOLLYWOOD (UPI)—Two old females who took a chartered plane from Florida to California in 1959 to break into show business were sent packing this week, ridiculed as being totally bereft of talent.

Their manager said uncharitably, "Those old grandmothers just didn't have it. They're too old to do anything but lie around and gossip."

"They're returning by chartered plane as absolute failures. I did my best to help them with an act. But nothing."

The pair of elderly hopefuls will remain nameless, primarily because they were never given names. A final humiliation is that they will be accompanied on their return to Florida by a couple of whales.

Big Letdown

It figures. The two old bags are bottlenecks.

They were brought to Marineland of the Pacific to star with other aquatic mammals in the big shows held there daily.

"They were a big disappointment," said David Brown, curator of mammals at Marineland and spokesman for two others, four walrus, five harbor seals, 14 dolphins, 12 sea lions and other denizens of that stripe.

"I guess the bright lights and glamour of it all will never materialize for those poor old things," he said. "They didn't even try."

"Old age is what hurt them. I'd say they were about 18, but they could be as old as 25. In order to train a dolphin, mind you, not porpoise, the animal should be about two years old."

Brown knows his dolphins and believes that each one has a dis-

inct personality. He also is an authority on whales.

"The two old girls were reluctant to come to the side of the pool to take food," he said. "They just sort of lay around in the water talking to one another."

Talking! "Certainly," Brown said. "They are incredibly intelligent animals, more so, I think, than the primates. I feel sure they speak to one another. We are conducting

research right now to translate their language. It is a fascinating study."

Five will get you ten if they ever decipher the conversations of those two old biddies it will probably come out as, "Who needs show biz, Bertha? Let's get back to Florida in time for the winter season."

What's to be done with the unfortunate dolphins being returned in disgrace to St. Augustine?

"I have no idea," said Brown. "But I have learned something important—you can't teach an old dolphin new tricks."

No. 602 ORDINANCE NO. 548

AN ORDINANCE OF THE CITY OF PALM SPRINGS, CALIFORNIA, ADDING ARTICLE 10 TO DIVISION 9 OF THE "PALM SPRINGS ZONING CODE," TO PROVIDE FOR WIND EROSION CONTROL.

BEFORE ME, the undersigned authority, on this day of March, 1962, personally appeared SHIRLEY HENRY, City Clerk of the City of Palm Springs, California, as follows:

SECTION 1. A new Article 10 is hereby added to Division 9 of the Palm Springs Zoning Code, to read as follows:

ARTICLE 10. WIND EROSION CONTROL.

The following requirements shall be complied with by subdividers who are developing lands in areas subject to wind erosion, after review and approval by the Planning Commission:

903.11 Developers are to be encouraged to "tie into" already developed areas rather than to move into isolated tracts.

903.12 When a development adjoins a new undeveloped area a sound masonry wall with the minimum height of six feet (6') shall be constructed on the periphery of the subdivision to protect it from the prevailing winds.

903.13 Where the required wall extends over a mature street opening, a solid wooden fence with the minimum height of six feet (6') may be substituted for a sound masonry wall.

903.14 When considered necessary by the Planning Commission, the developer shall plant, irrigate and maintain approved planting to use windward of the wall up to a distance of 150 feet to act as a further barrier to sand moving in from the open desert.

903.15 Developers shall not disturb more than necessary the native vegetation within the proposed development.

903.16 Lands and areas within and without proposed developments that have not been so situated during the development shall be covered with protective material by the developer to prevent them from creating a wind erosion problem from within methods to gain this protection can be by the use of the following materials applied in combination or singly to produce an effective wind erosion control:

(a) Complete cover of gravel or rock landscaping.

(b) Organic mulches (sprinkler irrigated).

(c) Irrigated grasses.

903.17 The following requirement shall apply to all subdivisions:

prior to any building construction streets shall be treated by means other than watering to prevent blowing of sand due to passage of construction equipment.

When located under the pavement, utility means and utility services to houses that are completed, or are under construction, shall be installed before the final street surfacing is installed.

SECTION 2. Section 903.5 is hereby added to Division 9 of the "Palm Springs Zoning Code," to read as follows:

903.5 Final improvement plans shall show, when required by the Planning Commission, the wind control measures provided for by Article 10 of this Division.

SECTION 3. EFFECTIVE DATE.

The ordinance shall be in full force and effect thirty (30) days after passage.

SECTION 4. PUBLICATION. The City Clerk is hereby ordered and directed to certify to the passage of this ordinance and to cause the same to be published once in THE DESERT SUN, a daily newspaper of general circulation, printed, published and circulated in the City of Palm Springs, California.

GENERAL TENDENCIES: Your mind is operating in a very swift and logical manner today and tonight and you are able to see quite clearly just where you are headed and how you can use man's accumulated understanding of God's principles and precepts to get ahead more quickly. Be sure to consult close allied re future after attending services of your choice.

ARIES (Birthdays from Mar. 21 to Apr. 19) — Make it a point to listen to the wisest person you know today, or read valuable literature so that you can fashion your future according to such wisdom and become more successful. Pay a visit to relatives in the evening.

TAURUS (Birthdays from Apr. 20 to May 20) — By returning to the fine standards under which you were reared, plus proven philosophy in life's experience so far, you will find that the future becomes infinitely more happy and affluent. Set up new plan on paper during P.M.

GEMINI (Birthdays from May 21 to June 21) — The ideal day to quietly sit down and plan your future activities wisely so that you derive more personal pleasure and prosperity. Get your talents before the right people. Combine business with Sunday pleasure, when there is ease.

MOON CHILDREN (Birthdays from June 22 to July 21) — Deep reflection will show you that there are many facets yet untapped to your nature that can be put into good use in the future. Begin to try them out on close friends in the evening, without letting them suspect what you are doing.

LEO (Birthdays from July 22 to Aug. 21) — A good, intelligent friend will today point out a better psychological approach that will gain you greater respect and more lasting friendships, as well as greater profits in the future. You are apt to be too imperious for your own good.

VIRGO (Birthdays from Aug. 22 to Sept. 22) — By impressing upon higher-ups how good a citizen with fine religious convictions you are, they will now give you the support you need and have desired for some time. You can rise, head and shoulders, above your fellow man "now".

LIBRA (Birthdays from Sept. 23 to Oct. 22) — If you are more open-minded, you can successfully follow now that inclination for greater knowledge in the higher arts. Be introduced to highly enlightened individuals. Listen carefully to pearls of wisdom.

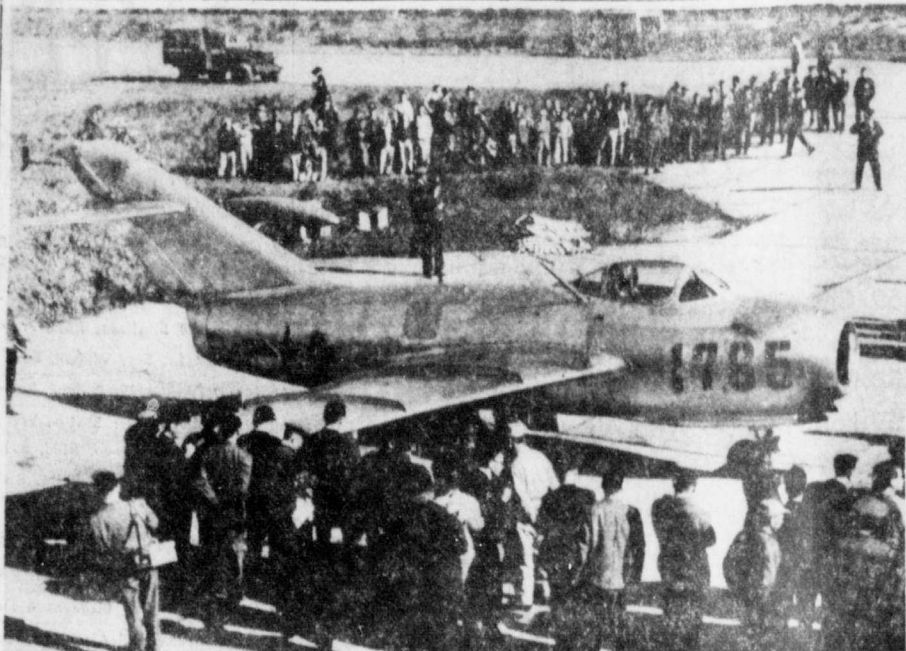

SCORPIO (Birthdays from Oct. 23 to Nov. 21) — Although you may feel rather nervous today, if you get into deep concentration for awhile, you will find that your intuitive faculties will work wonderfully for you. Then carry through along such lines and get fine results. Use logic, too.

SAGITTARIUS (Birthdays from Nov. 22 to Dec. 21) — By sitting down quietly with an angry or nervous associate, you can clear up misunderstandings easily and quickly. Use prayer for best results. Then have dinner together and out on the town for a lot of fun. Be happy.

CAPRICORN (Birthdays from Dec. 22 to Jan. 20) — By being of service to others today, you find that they retaliate in kind and the future then becomes more happy and affluent. Sit down tonight and plan activities for the new week very wisely and in a practical fashion.

AQUARIUS (Birthdays from Jan. 21 to Feb. 19) — A marvelous time can be had by you today and tonight, provided you first attend the church of your choice and get into the proper spiritual attitude that will attract others to you. Do whatever pleases you instead of others for a change.

PISCES (Birthdays from Feb. 20 to Mar. 20) — By living the Golden Rule now, you not only make your life better, but you get the approbation of family ties, which is very important for your happiness and increasing success in the future. Dress nicely and go to church first.

CURIOUS SPECTATORS crowd around a MIG-15 jet fighter which was flown to Taiwan (Formosa) by a defecting Chinese Communist pilot, Lt. Lui Chong Shih, reportedly the first Red pilot to defect to

Taiwan. He fled while on a training flight. The Nationalist Chinese government announced he would be given 1,000 ounces of gold, approximately \$35,000, as a reward. (United Press Telephoto)

Unusual Rock and Mineral Display Is Group Project

A group project of an elementary school principal and her mother, an expert geologist (husband of the assistant in curriculum for the school district), a sixth grade class at Cielo Vista School and their teacher, James McClellan, has resulted in an unusual display and collection of rocks and minerals for each school in the district.

It all came about this way:—For over 30 years, Mrs. Eileen Carey and her mother, Mrs. Laura Carey, collected specimens of rocks and minerals of the western part of the United States, of Mexico and in Honolulu. They decided it would be a good idea to give them to the schools so that the children might study and enjoy them. But, first they had to be classified.

This is when Mrs. Marjorie Har-nage drafted her geologist husband Lee, into the act. His spare evening hours were spent in identification. Now they were ready to be labeled and placed in display boxes.

This became the project of Mr. James McClellan's sixth grade class. Six boys in the room of 38 did most of the work in their free time. As a result of combined efforts of many, there are sets of 24 of the more common varieties, including granite, quartz, feldspar, tourmaline, pumice, serpentine garnet, jade, lava, obsidian, lapis, Lazuli, petrified wood, blood stone.

John R. Clarke Lecture Series To Open Here

John Robert Clarke, pianist, yachtsman, internationally known lecturer and author of the 1961 best-seller, "The Importance of Being Imperfect" will depart from his sea-going ways to conduct a new public lecture series of eight Wednesday evenings starting March 14, at the Biltmore Hotel. Clarke was moderator for a television show with such personalities as Henry Morgan, Pamela Mason, Ralph Story, Dorothy Gardiner and Ben Hunter. His book, now in its third edition, was a Book-of-the-Month Club alternate.

Kickoff topic in Clarke's unusual series will be "Personality Is an Inside Job."

If Your Child Is Born Today, There is much logical reasoning in this make-up, but also a rather delicate body which requires more rest than most at an early age. Talents are numerous also but it requires that you teach early your gifted progeny to complete one task before going on to another, which is the secret of success throughout life, no matter what the profession may be. Be understanding, too.

Withholding Tax Deadline Reminder Is Issued

Employers liable for income tax withheld and social security taxes in excess of \$100 for the month of February must deposit such taxes with a depository, reports District Director Robert A. Riddell of the Internal Revenue Service in Los Angeles.

Stressing the importance of compliance with deposit deadline of March 15, 1962, Riddell added that a Form 450 should be used for this purpose. Deposits may be made in local authorized banks, or Federal Reserve Banks, said Riddell.

Employers who do not have a copy of Circular E, "Employers Tax Guide" may obtain it from any local IRS office. This publication contains a full discussion of employment taxes together with tables and percentage methods for computing such taxes.
